3) A good leader should have ability to get all team together and help everyone perform their best. I believe I am equal to the position for my superior communication skills.

Preference selection

1. Restaurant, café or home when staying with friends. (public area) swimming pool& restaurant

1) Restaurant provides a private space big enough for us to get together. Around the table, we can toast to each other, have a free talk loudly and even play games during the meal.

2) Delicious foods contribute to the pleasure of the gathering. We all enjoy the feast of tastes and feelings. A big meal costs more time, thus supplying an opportunity to stay longer.

3) It is more convenient to dine out without the trouble of washing dishes and cooking meals.

2. Dessert, plain and forests to live. Forests

1) Plain is a perfect place for people to live for its appropriate temperature, abundant sunshine and mild atmosphere. I want to enjoy a peaceful place with sunshine and breeze. Under the circumstances, I can grow crops by myself.

2) I prefer to live with many friendly neighbors who can help each other when needed. We can have a talk or play cards together. Also, experience shared among us is also a pleasure.

3) Listen to the bird's song is enjoyable.

3. Positive or negative effects of television. (positive)

1) Television provides an easy access to information. If you want to know what happened in other countries, what you need to do is to open the television and turn to the world news program.

2) It also brings a visual entertainment which enriches our daily life. We can see TV series.

3) We can learn some knowledge about unknown world, such as wild animals, the mystery of ocean and so on.

4. Media vs. family at influence

5. Eating at home or dine out (at home)

1) Eating at home is cheap. As a student, I can't bear the cost of dining out frequently. The expense may be five times of cooking by myself.

2) I can make clean foods with unpolluted raw materials. Now the problem of food security is outstanding.

3) Sometimes preparing foods is enjoyable. I am satisfied with delicious foods out of myself. And I can cook everything I want.

6. Study at big city or small city. (big city)

1) Studying at big city will broaden my horizon. The school can provide better facilities and teaching resources by more assistance from government.

2) My job career will benefit from the experience. In a big city, I have more chances to access big companies, by taking part-time jobs, researching and visiting. There must be a lot to learn from a successful company, thus preparing for my future.

7. Should the university be free(no)

1) Free education will result in lower quality within limited resources. There will be more students in one class, and one book in library will be shared by more people. There is less chance to communicate with the professor.

2) Without any competition to join in a university, many students will not continue work hard to get permission. It is harmful to the development of society.

3) It also decreases the value of a bachelor' s degree.

8. Whether learning hard in university is important. (yes)

人称问题

1) Attending college not only accumulates knowledge but also proves our abilities. People with outstanding grade in university will be more accepted and

recognized by the society. There will be more chances for them to access better jobs.

2) Studying hard in university will develop our **logical thought** to solve problems. We can do better in companies.

9. Magazine, poem and fiction(fiction) examples!!

1) Fictions are very attractive for their stories. I feel very relaxed when I turn to them. Imagining what happened in the fiction, I watch a vivid movie.

2) Not like poems, fictions aren't difficult to understand. Also, they enjoy great literature values. I can acquire how the authors develop the stories and how to make the organization logically.

3) Meanwhile, you don't need to tolerate terrible advertisements, presented frequently in magazines.

10. Live alone or with others. (with others)

1) I prefer to live with others. For many reasons, first, roommates will make you feel not lonely. We can always talk to each other and share happiness and sorrow.

2) Also, living with others will teach us how to get along with different groups of people, thus improving communication skills, which is important in future.

3) In addition, there must be a lot of fun living with others.

11. Work in office or at home.

1) I prefer to work in an office. For many reasons, first, it is easy for me to devote myself to work, not disturbed by televisions, phone calls and families, thus improving my efficiency.

2) Working with other employees, I can make many friends during work. We can talk to each other and share happiness and sorrow in spare time. I enjoy the pleasure staying with friends. A harmonious relationship between workers benefits our daily work.

12. Communicate with your family and friends by letter and e-mail or by telephone?

1) I prefer to communicate by telephone. Listening to their voice, I feel their happiness and sorrow, thus releasing my **miss**.

2) It's efficiency to communicate with my family and friends by calling. I can describe my life directly, and get the information about them accurately. I can get response immediately without any waiting time. While it takes a long time to wait for the response by e-mail or letter.

13. Whether parents should lead their children to watch TV or the children should choose

1) As far as I'm concerned, I believe parents should lead their children to watch TV. For many reasons, first of all, children are too young to choose programs. If allowed to watch what they want, they must keep watching cartoons

for all day. Besides cartoons, parents are responsible for developing children's interests.

2) Nowadays, abundant programs including something dirty are displayed on TV every day. Inappropriate TV shows will have negative influences on children, twisting their perspectives of the world.

3) So it is necessary for parents to make choices for their children. about education situation in China, I just type the theme in google and learn enough information.

2) In addition, it is convenient and efficient to pick up everything in the internet. What you need is just a computer connected to the internet, while carrying books is tired.

3) So I prefer to internet resources.

17. Students will learn more when they have discussions.

1) It is inevitable to encounter problems when we work on assignment. At that time group members will share their different knowledge and views during discussions. Then you will learn how to do next.

2) In addition, working with others helps you find and overcome your shortcomings. They will tell you maybe it is better to do in another way. Also, you may learn how to communicate with others and express your own ideas, which is important in future jobs.

18. Some people believe that first-year college students should live in a dorm building that homes only freshmen. Others may prefer the idea that first-year students must live together with students in 2nd, 3rd, or even 4th grade. Which opinion do you agree with? Explain why.

1) I prefer a mixed-type living manner. For many reasons, first of all, freshmen always aren't familiar with college lives. They may be confused by many different functional buildings or complex apartments. The students of other grade can offer a direct guideline, thus making them accustomed to the university.

2) In addition, it is convenient for them to get advice about study and other aspects from students of higher grade. (理由是不是不是特别 device?)

3) So I think freshmen should live together with students of higher grades.

19. If you have a chance to choose your job, would you like to choose a job with high salary or that can get personal satisfaction? Why?

1) Personally speaking, I prefer to a job that can get personal satisfaction. If I am not fond of what I am doing, it must be terrible. I will devote myself to what I like, getting enough experience and happiness from it.

14. Get advice from others or personal experience.

1) I prefer to get advice from personal experiences, although sometimes assistances from others are helpful and necessary. For many reasons, first of all, solving problems and getting myself out of the dilemma will improve my abilities. I will gain a lot of knowledge and skills for the next problem.

2) In addition, other's advice may be not perfect for me. From the perspective of their own, they tell me how to do. However, under a different situation, the solution will be ineffective.

3) Meanwhile, I will grow up rapidly by abundant experiences.

15. Online courses or traditional courses.

1) I prefer to online courses. For many reasons, first of all, it is convenient for me to choose class time and place. I can have class before sleep in my bed in a busy day or take courses all day when I am free.

2) In addition, it is cheaper than traditional courses. I paid less more to download the files and I can keep them forever. And online courses don't require books at all. Thanks to the less tuition, I am able to take more courses.

16. Internet or academic books.

1) I prefer to internet resources. For many reasons, first of all, there is abundant information on the internet. Searching the main words, you will acquire what you need. When I work for a research

2) Love for the work will encourage me to overcome all problems encountered. I believe I will be outstanding in the field of the work, so I am not worried about the salary when I begin to work. On the contrary, I can't avoid making mistakes in a work I don't like.

3) So I prefer ... 3) So I prefer to internet resources.

20. Long vacation or several short vacations in a year.

1) I prefer to some short vacations. For many reasons, first of all, it is really relaxed to take a vacation with families and friends after busy final exams. Several short vacations provide students opportunities to visit different places. When we go back to school, it is easy for us to focus on study immediately. However, after a long vacation, we may forget what we have learned before and cannot concentrate on the lessons.

2) In addition, vacations divided up throughout the year encourage us to be energetic and hopeful for the spare time, thus promoting us to perform efficiently. Also, a short visit plan is safer than a long one.

21. When travelling, some people prefer to reach the destination directly. Some others prefer to stop and look around the scenery along the way. What kind of way of travelling do you think is better and why?

1) I prefer to stop and look around the scenery along the way. For many reasons, first of all, I will feel pity if I miss the beautiful sights. They will contribute to the feast of visual during my trip.

2) In addition, my purpose for travelling is to relax myself. Viewing the scenes on the road relieves the tiredness and cultivates pleasure. However, you don't need to rush yourself during a vacation, for the entertainment instead of job.

22. Some believe that a city should keep its old buildings. Others think some new buildings are needed to replace the old buildings. What's your opinion? Explain why.

1) I think it is necessary to preserve old buildings. For many reasons, first of all, they are of great values for professions to research history and culture of ancient times. For example, the Palace Museum is the symbol of Qing dynasty and offers us valuable details about culture and politics. It can't be rebuilt if ruined.

2) Also, old buildings are great resources for tourism, especially a historical heritage. In my hometown Chengde, the Summer Retreat covers half the area of the whole city and supplies half the income. People even remember Chengde due to ...

23. If you unexpectedly receive a large amount of money, what will you do with it? Would you spend it for practical purposes or simply for fun? State your opinion and explain your reasons.

1) If I get a large amount of money, I will do some practical things. Firstly, I want to donate the money to a charity foundation for the purpose of sending poor children to school. Allowing them opportunities to study may change their future. I will be proud of my determination.

2) In addition, I am eager to improve my parents' situation. They are the most important people to me and I love them extremely. They are used to saving money for me and it is time to reward. I will offer them travel fund to go around the world and hire nurse to take care of their daily lives.

24. Some people believe that the high school should teach music and art as other basic science. Some people think that providing music and art education for

high school students is not necessary. What is your opinion and why?(sports courses)

1) I think music and art education is important for the development of high school students. For many reasons, first of all, there may be many students want to choose either of the courses as their future career, and thus schools are obliged to set courses for every student.

2) In addition, the purpose of the courses is to relax students after some heavy academic classes, making them concentrated on study efficiently. I also believe that these courses would contribute to students' personality and creativity.

25. Some people think that it's necessary to prohibit people from using phone calls in some places. Others believe that it's inconvenient if phone calls are forbidden in some places. Which opinion do you prefer? Explain why. Your statement should include specific examples and details.

1) Personally, I think it is very necessary to forbid people from using cell phone in some places. For many reasons, first of all, cell phones will be very dangerous in certain places, like gas stations, planes. A big fire caused by a phone call will lead to a great loss.

2) In addition, the microwave radiation of cell phones disturbs normal operating of some appliances, especially some sanitary equipment in hospital. Also, a sudden ring bell may interrupt a course and draw students' attention

away from the class, thus reducing the efficiency of study. So cell phones must be stopped in some places.

26. Someone suggests school to cut the Recycling. Do you agree or disagree with this suggestion, explain why.

1) Personally, I disagree with the advice. For many reasons, first of all, cutting the recycling will lead to a waste of papers and trees, thus worsening the environment. Also, students need to pay more for books and papers, causing heavier burden for some poor family.

2) In addition, the politics may tell students the wrong information that it is not necessary to save resources and decrease their sense of environment protection.

3) Also, the recycling system needs to hire some workers with low salary. Many people will lose their jobs if cutted.

27. Which is your favorite type of movie: action, drama, or others? Please include specific details and examples in your explanation.

1) I love comedy most. For many reasons, first of all, it offers an opportunity to laugh without any deep thought for it is easy to understand not like drama. For example, my favorite movie is Mr. Bean. His expressions and words make me can't help laughing. At that time, I will forget all the sadness and gain a good mood, and then concentrate the next work happily.

28. Everyone has to leave home sometimes. What do you miss most when you are away from home? Please include specific examples and details in your explanation.(swimming pool)

29. Some people believe that we should help those in an emergency. Others think that we should first make clear of the situation, then decide whether to assist or not. What's your opinion? Please include specific details in your explanation.

1) Personally, I prefer the latter one. For many reasons, first of all, making clear of the occasion is beneficial for help. For instance, you were coming by when a child dropped into the river. It is wise for you to observe the direction and speed of the flow before jumping into the river.

2) However, if the emergency is out of your control, you need to call others for help. In the previous situation, if you cannot swim in the water, what you can do is to draw attention of others immediately.

3) So I think observation before help is necessary.

30. People should always tell the truth.

1) Personally, I absolutely agree with the opinion that people should always tell the truth. For many reasons, firstly, it is the representation of

31. Some people tend to judge a person on the basis of first observation. Some people believe it takes a long time to know a person well. Which approach to knowing people do you think is better and why?

1) I think it is wise to make a conclusion after a long time. For many reasons, first of all, during the first meeting, people will pay attention to their behaviors, bad habits and clothes. Some people may be successful to pretend a gentleman. However, others will impress us terribly for tension. So it is not fair to judge the by appearance.

2) Based on the first observation, only limited information was presented. We can't read his past, characters or families.

3) So...

32. One should live a relaxed life instead of always hurrying.(example)

1) Personally, I absolutely agree with the opinion that people should live a relaxed life instead of always hurrying. For many reasons, first of all, health ranks first. If you are always hurrying, your body will out of control. A Chinese student Arther would graduate from **Berkeley** university in March. Unfortunately, an excellent guy passed away two weeks before his **graduation ceremony** for extreme tiredness. Although he has gotten a huge success in his study, nothing left with his death. So we need to relax ourselves in appropriate time for moving further.

33. Students should wear uniform in school.

1) Personally, I absolutely agree with the idea that students should wear uniform in school. Firstly, it saves a lot of time and concentrates student on study. When I was in high school, uniform is required every day. So we had no choice but

to wear it without thinking. We don't need to care whether it was beautiful since everyone was same.

2) As uniform replaces other clothes, we can save a lot of money, thus relieving the financial pressure to some extent.

34. the most important lesson can't be learned in class? I agree with the opinion that we can't gain the most important knowledge in class. The class only teaches you something limited in the textbooks. However, there are many other practical skills more important than textbooks. For example, communicating with different people is a necessary skill which can only be gained by practice. Moreover, there may be faults on some books. We need to apply the theories to practice to test them. So...
