好老师的特质：06.03.03

As far as I'm concerned, good teachers all distinguish themselves in two charactes.

First and foremost, a good teacher should be knowledgeable. Since a teacher's mission is to transmit knowledge, he or she is expected to know the subject as widely as possible, and to be ready with the answers to every question raised by the students.

In addition, a good teacher needs great patience. If the students cannot follow the points in class, the teacher should repeat the relevant part over and over again until everybody understands. (If students come up with questions after class, the teacher should also be willing to spend time answering them.)

All in all, being knowledgeable and patient is the most essential character of a good teacher.

选择朋友时，哪个 characteristic 最重要？

描叙你的好朋友要有什么样的 characteristic？

As far as i`m concerned, good friends of mine are always honesty and helpful.

I like honest people because they are easier to deal with. They open their heart to me, and I feel safe to confide my problems to them, and they always offer their true opinion to me.

In addition, a good friend is always ready to help when I need a hand, like the old saying “a friend in need is a friend indeed” . They carry my boxes when I change my apartment, comfort me when I feel blue, and even lend me money to get me through a tough time.

Only friends like this deserve to be credited as the good ones

好父母的特质：06.08.12

What do you think are the characteristics of a good parent?

如何当好父母，好的父母应该具有什么特质？

As far as I`m concerned, a good parent is expected to be patient and open-minded.

First, it takes parents great efforts to tell a child right from wrong. Then when the child grows into an adolescent, he tends to be radical and make some mistakes. By this time, a good parent should be patient to give amiable guidance instead of lose temper.

In addition, an open-minded parent is always more successful in cultivating an independent and creative child. Because he leaves more space for the child to think

about problems and to do decision of his own life, and provides enough opportunities for the child to present personal idea.

All in all, an so-called good parent is a parent of patience and open-mind.

领袖应有的特质: 06.10.21

What qualities should a leader have?

As far as I'm concerned, a good lead always distinguishes himself in foresights and receptiveness.

A leader should see further than his underlings in setting a goal for the whole team. When the team is trapped in a dilemma, the leader is expected to be able to envision a bright future for others to hold on. An excellent example will be President Roosevelt during the Great Depression.

In addition, a good leader is also a good listener. He tolerates criticisms and suggestions from his underlings, which motivates his underlings to contribute more to the team.

All in all, foresights and receptiveness are both the important characters of a good leader.

身为团队中的队员最重要的特质: 07.03.17

说说作为 team member 一个重要的 quality

A sense of responsibility

When the team member is assigned a task, he or she should fulfill the

assignment with high efficiency and quality, instead of dodging the responsibility, otherwise the progress of the whole team will be postponed.

In addition, a team member is also responsible for offering personal proposal actively in a team discussion. Setting up a plan is not only the mission of the leader but also of all the members. Only with ideas from every member can a team reach an extraordinary achievement.

In a word, a good team member should possess a sense of responsibility of fulfilling the assignment and proposing personal opinion.

说一个你敬佩的人的好性格

My mother is the one I admire the most, because she treats me with extraordinary patience and an open mind. When I was little and naughty, it often took my mom many efforts to teach me about good and bad. Sometimes I got very radical, but she was patient enough to bring me back to the track. In addition, She was always supportive when I raised a reasonable request. She also trusted me to make my own decisions, like how to spend my pocket money or which study group to join. Because of my mother's influence, I became this cultivated and useful person today.

The most favorite author

When it comes to the most favorite author, I would like to talk about Charlotte Bronte. Charlotte is one of the most prominent female novelists in England who is famous for her brilliant art of writing, which benefits me a lot to my writing skill. In her masterpiece, Jane Eyre, Charlotte made good use of her own experiences and modeled a girl, Jane, who was an orphan since born and had suffered a lot of discriminations and torments. Nonetheless, she remained dignified and strong-minded. This book has infected numerous individuals and serves as the spiritual model to females. Above all, Charlotte distinguished herself as the most favorite author to me.

The most favorite actor

When it comes to the most favorite actor, I would like to talk about Leonardo

DiCaprio,

Leonardo is one of the most famous actors. Not only his handsome face but also his brilliant acting skill has won him great reputation and popularity. In his masterpiece, titanic, Leonardo play the major role as a vagrant, Jack, who fell in love with a noblewoman, Rose. When the ship titanic sank into the ocean, Jack left the single board to Rose and submerged himself in the freezing water and consequently sacrificed his life. This courageous and romantic story modeled by Leonardo infects me deeply and makes Leonardo as my most favorite actor.
