3. Describe your favorite song/music. Explain why you like it. Include reasons and examples to support your response

My favorite music is pop music /I am more interested in pop music than classical music. On the one hand, it is easy to understand and close to our lives. That's why so many people love it. Meanwhile, by listening to pop music, I can keep up with the time. On the other hand, although classical music has so much more depth and meaning, I haven't got the appetite to enjoy yet. Theoretically speaking, pop music is roughly divided into two types: music which stimulates people and music which calms us. It seems that music which stimulates us gives rise to actual changes in our bodies. So if I am tired or drowsy during my work hour I will choose the stimulating music, because if we listen to it, our hearts beat faster, our blood pressure rises, and our blood flows more quickly. On the other hand, I'll listen to calming music. In this way, my heart beats more gently, my pressure drops, and I feel calm. The soothing flowing melodies help me relax.

I really enjoy listening to music and pop music or pop song is my favorite. One reason is that most lyrics of the pop music are about every-day life, so they are quite comfortable, relaxing and easy to remember. Another reason is that being quite a good singer myself, I really love to sing pop songs, and my favorite singers and bands include Backstreet boys, Westlife, M2M and Ace of Base. Finally, to me, pop music is far more than the music itself. It gave me a lot of inspirations and ideas which helped me to do a better job in many other things. For examples, I once cited a few lines from "the day you went away" by M2M in one of my essays, and my teacher said it was very touching.

bring their cell phones into the classes. Use specific reasons and examples to support your answer. ★ [2006.10.18]

I disagree with the statement above. I think we should take cell phone with us in case something emergency happened. If we can't bring it with us, why we buy a cell phone then? Secondly, now cell phone is not only just a phone, but also a calculator, dictionary or recorder. We need to use these functions to help us study in the lecture. What's more, in my point of view, students should have the right to bring their cell phone, although they have the duty to set cell phones on the vibrate or silent mold and thus not to disturb the lecture. Banning to bring cell phone is unnecessary and disobliging.

参考分析:

"as soon as they are able to do so"有些过于绝对。所以不能同意让孩子太早参加家务活动更好写一些。

- 尽管让孩子做家务有很多的好处.....
- 让过早参与家务劳动,而不顾孩子的承受能力,可能会导致孩子的逆反心理(antagonistic psychology),反倒达不到教育目的。
- 要先让孩子明白做家务的好处,让他心甘情愿地去做才能达到教育的目的。

134、同意让儿童做家务

不要急于同意或者不同意这个观点。因为那个回答都有些片面。地点并不是影响孩子成长的唯一因素,也不是众多因素中最重要的因素。

- 生活在城市的优缺点
- 生活在乡村的优缺点
- 也可以用一系列“不一定”的事实来反驳题目中观点,比如:
 - 在乡村长大的孩子不一定比在城市长大的孩子淳朴(honest; simple; simple sentiments);
 - 在乡村长大的孩子不一定比在城市长大的孩子健康(healthy);

参考分析：

两种观点都有些极端。先比较两种观点，然后选择一个折衷的立场。

- 早上学的好处和坏处：好处是很多提前上学的孩子显得聪明，对付学习显得游刃有余(be more than equal to a task; accomplish a task with ease)。完成formal education的时候比别人年轻，有更多的选择余地。坏处是，经常挨欺负(be bullied; be treated rough)。早熟(precocious)，可能会有副作用(negative effects)。
- 晚上学的好处和坏处：实际上并不吃亏；学习好坏不见得一定跟上学早晚有必然的联系(positive connection)。坏处是，家长如果引导不好，不利于智力发育(development of child's intelligence)。
- 立场：不见得一定要尽早上学；孩子确实应该多花一些时间去玩。但是应该正确引导，因为玩也分为好多种，玩棋牌游戏显然比玩泥巴(play with mud)要有益得多。

112、儿童应当花主要的时间玩

- (1) 人一生只有在儿童的几年是最快乐的，应当让儿童享受这种快乐，给他们未来留下好的印象。
- (2) 儿童玩对性格培养要好

company, he knows little about the work, so it is his colleagues who are supposed to help him. But there are some staff members who wouldn't like to help others, for they are afraid that others will excel them afterwards. Certainly, it has a toll on the company.

(3) 有些时候面对面的交流方式不适用, 必须要用其他方式。比如学校要通知所有学生一件事情。

I usually contact my family and friends via Emails because I think with internet connection, emails has offered me quite a few advantages. For example, it's really convenient for me to write to my friends, at any place and any time. Also, it's ok if you write something wrong, because you may always change and organize your language before sending the message. Meanwhile, compared with emails, telephone seems to be a little bit out of date. It might be kind of disturbing to call at an inappropriate time, say, if my parent is taking a shower or something. Also, if you contact people by telephone, you know, what is said is said. You can't change it. So you have to be very careful not to be rude or anything. So that's why I really prefer using emails.

Although nowadays, many people choose to contact other people via emails, I still prefer using telephone. Especially if I have something urgent, I will always choose to call, because if you write

emails, the people on the other side might not check them very soon. Even if they check them, they might not respond in a timely manner. Also, I prefer to contact by phone because I like to hear my friends' voices, especially if I haven't been contacting them for quite some time, I will definitely call to make a little surprise. Finally, whenever I have some important personal things to talk through with my friends or my parents, I will make a phone call, because I don't think I can express myself fully via emails, and calling makes much more effective exchange of ideas.

2. ■ 88 Do you agree or disagree with the following statement? Telephones and e-mail have made communication between people less personal. Use specific reasons and examples to support your opinion.

参见: [8]

88、不同意, 电话和电子邮件让人觉得更加亲密

(2) 各种电子邮件让人觉得更加个性化, 比如说在电子邮件中插入一些照片等等。

(3) 人们现在都很忙, 所以很多人依赖电话作为聊天交流的最佳方式。

3. ■ 8 Do you agree or disagree with the following statement? Television has destroyed communication among friends and family. Use specific reasons and examples to support your opinion.

1. ■ 160 When people need to complain about a product or poor service, some prefer to complain in writing and others prefer to complain in person. Which way do you prefer? Use specific reasons and examples to support your answer.

参考分析:

可以采取it depends的策略, 要看是什么样的问题。也可以先比较, 后选择。

- 书信投诉: 有条理; 避免冲动、更加理性; 可以直接与高层沟通; 也可以向媒体投诉; 但是可能石沉大海(like a stone dropped [sank] into the sea — no echo)
- 当面投诉: 可能是最快解决问题的方式; 相比文字, 有更多的表达方式, 比如appeal to emotion; appeal to pity等等; 但是如果缺乏控制, 可能会引起争吵, 反倒使情况恶化。

2. ■ 109 When people move to another country, some of them decide to follow the customs of the new country. Others prefer to keep their own customs. Compare these two choices. Which one do you prefer? Support your answer with specific details.

参考分析:

一定要进行比较。至于要选择什么, 看情况, 要看是什么样的习惯?

The most challenging experience I have been through was when I was selected to be the group leader and the chief coordinator for the Corporate Social Responsibility (CSR) project at Peking University. It is a case study project, and as the leader, I have to conduct interviews with world famous companies such as Shell, BP, and Bayer, and I also have to write case reports for them, both in English and in Chinese. I also need to coordinate the whole group of 12 students joining this project, including 3 MBA students. The whole process is a huge challenge for me, especially during the discussion sessions, when all the members come together to review each others' case reports. Books have complete research paper and have enough depth to help me with my research. Second, even if there is valuable information in the Internet, it is not free, you have to pay. Since I am a university student and our school has a wonderful library. I can always borrow books at school. Why I waste money in the Internet then? 这个statement里面的限定词是sometimes。应该同意这个观点。[63]可以作为[27]的理由之一，因为，Most experiences in our lives that seemed difficult at the time become valuable lessons for the future。这道题甚至可以作为[43]的答案。Most successful people have one thing in common: they are capable of doing things that they virtually do not enjoy doing.

1. Do you agree or disagree with the following statement? Attending a college makes a person easier to get successful in career. Use specific reasons and examples to support your answer.

★ [2006.4.28/2007.3.10]

I don't think whether attending a college can decide a person's career. But I have to admit that generally, higher education make people have boarder knowledge and better ability to learn. And also college offers students nice environment, more opportunities, and a wonderful group, which can benefit the student, and may lead them to success. But on the other hand, lots of people who didn't attend university gain more experiences and success without a degree. As far as I know, China has lots of successful business men who had never attend to university. But, they have something in common, that is the strong will, super diligent character and never gives in to the failures. So personally I think personality and luck determine successful career, not the degree.

2. Do you think that college education should be free? Use specific examples to support your opinion.
3. ■107 Some people believe that a college or university education should be available to all students. Others believe that higher education should be available only to good students. Which viewpoint do you agree with? Use specific reasons and examples to support your choice.★ [2006.10.22]

I don't think everyone should have the right to go to university. First, it will make people lazier. They will hold the thought that I don't need to study hard because I will go to the university after all. I think this would make the situation worse. Second, it is a big pressure to the government. How many universities and how many classrooms can contain such a huge amount of people? There is no way to build enough universities for everyone. It is indeed a burden to government. Finally it makes no difference between people. And if they want to be better, they have to have a master or PHD degree. And this will prolong the study time and not fair for the good students.

参考分析:

两个观点都有些极端。所以,先分析,在选择自己的立场。

- 义务教育制度(institution of compulsory education)说明社会已经认识到基础教育(fundamental education)对所有的人都是必需的。
- 但是大学教育是不是所有人都需要的?这个社会很多职业(比如,饮食业)不需要大学教育。让所有的人都上大学,是不是成为过分的财政负担(financial burden of the government)?
- 用什么样的方法确定一个学生good enough so as to deserve higher education? 考试? 考试制度也有缺陷。
- 可能选择的立场比如:我们国家目前是需要更多的人接受大学教育。与此同时,一方面要保障大学教育的质量,另一方面,要改革考试制度,保障考生的公平机会。

1. ■ 29 Some people believe that the Earth is being harmed (damaged) by human activity. Others feel that human activity makes the Earth a better place to live. What is your opinion? Use specific reasons and examples to support your answer.

参考分析:

不要急于选择。两种观点都过于含混。Human activity指的是什么?

- 饮食起居: 广东人把某种海豚(dolphin)吃得almost extinct; 美国人养宠物鹦鹉(parrot), 导致南美洲很多稀有品种(rare species)濒临灭绝。
- 科学研究: 好的例子很多, 比如电的发明。不好的也很多, 克隆(clone)技术、基因重组(gene engineering)技术, 可能导致道德(moral value)的沦丧(deteriorated; ruined); 诺贝尔的发明(炸药 explosive)究竟杀了多少人? 塑料袋(plastic bags)的发明, 导致了多少white pollution?

28. Exams 考试

1. ■ 72 Do you agree or disagree with the following statement? Grades (marks) encourage students to learn. Use specific reasons and examples to support your opinion.

参考分析:

不同意比较好写一些。承认grades的一些意义的情况下, 指出grades的众多副作用。

观点: Grades not always encourage students to learn.

- Grade对学生的好处: 便于教学体系的整体管理。有利于学生循序渐进(follow the principle of gradual improvement)地学习。可以使学生了解自我的学习效果。
- Grade带来的副作用: 无情的竞争使学生们为了高分而不择手段(resort to every expedient), 比如作弊(cheat)。高分带来骄傲(arrogant; be too big for one's shoes/boots), 而低分使学生灰心失望(lose hope)甚至放弃(abandon learning motivation)。

参见: 范文

72、同意分数鼓励学生学习

- (1) 学生可以知道自己掌握了多少知识, 所以能够更加有针对性的学习
- (2) 分数可以让学生之间互相比较, 激励学生学习

2. Some students prefer to take multiple-choice exams. Others prefer to take essay exams. Which do you prefer and why? Use specific reasons and examples to support your response.
3. Sometimes students have to write papers. Sometimes they have to give oral presentations. Which activity do you think is better for students, and why? Include details and examples in your explanation.

Students have to write papers and give oral presentations. I think oral presentations are better because they are easier and take less time to prepare. Another reason is oral presentations are interesting for other students who are listening. Finally, many jobs require oral presentations. Therefore, students can learn an important skill and develop confidence in speaking to a group.

I think writing paper is better for students. Firstly we need to develop strong writing skills. We go to school mainly to learn reading and writing, so we need a lot of practice. Exam requires a lot of writing, so writing papers is good preparation. Also, I think writing is a better way to show that I understand. When I write a paper, I can think deeply because I have more time to explain my ideas.

- 支持这样的做法的理由: older teenage children还不够成熟(immature), 考虑不够周全(inconsiderate), 尤其涉及到经济相关的决定时, 缺乏独立承担能力(incapable of being

independent)。

- 然而，“如何保证parents或者adult relatives所作的决定就是正确的”也是个问题。

3. ■ 179 In your opinion, what are some of the qualities of a good parent? Use reasons and specific examples to explain why these characteristics are important. ★ [加拿大 2006.8.12]

参见：[15]

179 好的父母的标准是：

- (1) 爱护孩子
- (2) 在孩子处于困难的时候给予他帮助
- (3) 诚实，正直

In my point of view, good parent should have several crucial characters. First and the foremost, they have responsibility. They consider it is their responsible to look after the kids and lead them to the right way. They care everything about the kids. Secondly, they must be very patient, and have good temper. They know how to control themselves when they are angry, and teach the kids patiently. It is very important because their temple and attitude to their kids will influence them a lot in the rest of life. At last, they should understand the difference between two generations. That means they can tolerate the kids when they do something new and the parents should allow for this.

I think it's very important for a parent to be honest, supportive and understanding. **First**, honesty is a crucial character for a good parent because being honest will set a good example for the children. **When I was little**, I once skipped classes to play and cheated my parents when I got home. My father scolded me and told me stories about honesty for **3 hours**, and I believe I have learned a lot from him. **Also**, being supportive is important for a parent too. **Even though** parents might not always be able to help the children academically or financially, still, they may always support their children mentally. **Last but certainly not the least**, understanding. **As known to all**, there is a so-called generation gap which makes it difficult for the effective communication between parents and children. But I believe with more understanding of the younger generation's life style, parents will gain more respect from the children, and the family atmosphere will be filled with happiness and joy.

The person I would like to talk about who worked hard to achieve something is the famous Chinese director Zhang Yimou. He puts a lot of effort into making his films artistic and realistic. Some times he took chances and made some adventurous films. For example, in 1987, he directed Red Sorghum and took a chance with the story, which was a bit controversial, and he also used an unknown actress at the time named Gong Li. 8. Describe the famous person you admire most. Explain why you admire this person. Include details and examples to support your response. ★[北美 2007.3.24]

Looking into a lot of people I admired, I think I admire my mother most .She has numerous good characters. She is a very honest women, I never saw she lied to anyone, and she always taught me to be an honest girl. Second, she is very patient. She always used her patient heart and soft voice to help overcome lots of difficulties. What's more, she is very diligent. Although she is smart as well, she always works and studies diligently. This makes her be very successful in her career. And worth me to learn from her.

Ping is a real estate agent who puts almost every extra RMB into investments like property and stocks. He never seems to lose money. He is a driven man and I like his energy and persistence. He's not a boastful guy, in fact he's quite modest, but he's a complete workaholic and even if you sit him down for over a minute he will think of things he could be doing. He has a sharp wit, and never seems to be serious when you talk with him, but in fact he's always thinking of this and that. In addition, he is very generous and lends money to so many people, without even expecting them to pay it back. But he spends hardly a penny on himself. You might say he is a miser, but actually he just doesn't care that much for luxuries since he doesn't get any pleasure from them.

your answer. ★ [2006.1.14/2006.2.3]

参考分析:

不要急于作出选择, 先进行比较, 然后根据情况选择

- 去餐馆或者吃快餐的优缺点: 方便、快捷、多种口味; 昂贵、卫生可能得不到保障、快餐使人发胖[3]
- 在家吃饭的优缺点: 干净、可以做出自己喜欢的口味、节省、与家人和朋友共同准备实物很开心; 花费时间、可能做的没有餐馆那么好吃;
- 在不同的情况下会有不同的选择。周末休息应该跟家人在家里吃饭。与老朋友久别重逢应该找一家安静的餐馆.....

相关题目: [3]

13、选择在饭馆吃饭

- (1) 节省时间, 自己做饭很麻烦
- (2) 能够品尝各种各样的美食
- (3) 能够促进和朋友的感情

I prefer to eat at home for many reasons. One of which is that when I eat at home, I am always with my family or a couple of friends. While eating, we will have very pleasant conversations without worrying about being loud. We will also have the privacy to talk the things we want to talk about. Whereas at a restaurant there are always lots of other people who I feel are watching me eat and try to steal our conversations. And even worse, sometimes, loud conversations and laughter in a boisterous restaurant may get in the way of a good meal. Another reason that I prefer to eat at home is that I can prepare my food just the way I like it. At a restaurant they prepare your food according to their recipe, which I don't always like. A good example of this is that last month I ate out with two friends in a fancy restaurant, and I ordered steak, medium rare; but when it was brought to me, I found out it was way overcooked. Such experiences always make me wonder why I decided to eat out in the first place, especially considering the fact that I am a wonderful cook. Further, eating at home is much cheaper, and I don't like to waste hard earned money. For example, preparing a fine meal at home for a group of 6 or 7 probably costs 40 dollars. But, on the other hand, if you eat in a restaurant, it is going to cost 200 dollars. Also, when I eat at home, I don't have to worry too much tipping a waiter or watching out for my manners. Eating at home, I am more comfortable and more likely to enjoy the food.

Personally, I think that going out to a dinner would be better. First, going out for dinner is very convenient. Nowadays, more and more restaurants can be selected around us. They have the reasonable prices, acceptable sanitations, and good services. Also, eating out can save time for me. It takes me one and half hour to make a meal, but we eat the food in fifteen minutes. So I believe cooking meal everyday wastes a lot of time. So, even though making food once in a while is advisable, I still prefer eating outside to cooking at home.

2. Some people prefer to have a few favorite foods that they eat most of the time. Others always prefer to try new dishes and styles of cooking. Which do you prefer and why? Include details and examples in your explanation. ★ [北美 2007.2.16]

3. What is your favorite food? Explain why you like. Include details and examples to support your explanation.

Favorite food, useful food material

Egg is my favorite food. there are several reasons for my preference. Firstly, it is nutritious. Eggs can provide us with enough protein for an entire day. Secondly, cooking eggs is very convenient especially the boiling egg, all you have to do is just boil the water with the cleaned eggs in it. Besides there are so many different ways to cook eggs. You can boil it, pan-fry it, stir-fry it, quick-fry it, steam it ect. What's more, you can choose any way you like to season it. I prefer spicy food, so I add garlic, onions, and sautéed mushrooms.

I think Cantonese food seems to be the best. It is light, and you can taste the natural flavor of the wide variety of foods without much seasoning. Seafood cooked in Cantonese style is wonderful. But the only thing I'm not happy about is the prices.

I love to eat popcorn very much. First, popcorn is tasty. And I can enjoy different tastes, there're strawberry, orange, chocolate and even cola taste. You know what, I am keen on sweet food, so popcorn really attract me a lot. Second you know, eating popcorn is a sense of fashion, and is very romantic, especially having it in a cinema. Last time I went to theater with my boy friend, in the darkness we fed each other the popcorn, wow, both the popcorn and the atmosphere are so sweet that I can't forget about it. That's really cool.

32. Friends 朋友

1. In your opinion, what are some important characteristics of friends? Use reasons and specific examples to explain why these characteristics are important. ★ [2007.1.26]

One of the characteristics for a friend I would prefer most is honesty. I think honesty is the foundation of a friendship. If friends cheat mutually and then there would be no trust between them. How can they even make friends? Secondly, a good friend should be reliable. Everybody certainly appreciate a friend who is a phone call away especially in his difficult time. Just as the old saying, a friend in need is a friend indeed. True friendship is strengthened in difficulties. For example, when a student bomb his exam, a good friend should encourage and be eager to help him. When I am making friends with someone, I often take these two as the vital standards.

I think my friends should have several characters as follows. First, we should understand each other. We don't need to hold the same opinion on every thing. But deep in our heart, we can understand the feeling of each other. Secondly, we care about each other in the true heart. I think my friend doesn't need to show his care by just words and I don't like artificial care. True friends

will show up as soon as I have a real problem. At last, friend should be honest to me, I can allow for the white lie, but I he can't lie to me on purpose.

My friend Anne is a person who has a passion for the nature. She is willing to do anything to get close to nature. Sometimes, she will even stay out in the woods for a few days camping. Some people think she's crazy but she will still do that. She believes in preserving the natural state of things, and will even carry back litter that she finds on the ground that others have dropped or thrown carelessly. Anne is also a vegetarian and will have nothing to do with meat. She doesn't condemn others for eating meat, but she does hope that one day the world will be full of vegetarians like her. Her dream is that one day the environment can be restored to a state where all humans and animals can live in comfort and happiness. I think the main reason we are such good friends is because we have a lot in common and support each other whenever we need help. Besides, we don't feel we ever have to pretend around each other.

I am living in Beijing which is the capital of China. As far as I am concerned, Beijing is a bad place and really, really bad place. First, because of its traffic jam problem. You know what, it usually takes about 20 minutes to go from my home to the school. But it will take about 1 hour or more during the rush hour. Also, population problem is one of the biggest problems of Beijing. Now the population of this huge city is 12 million. You can imagine how bad it is for 12 million people to live in a city. The final problem is water shortage. Probably because of its huge population, the volume of water per person in Beijing is far less than that in cities in some other countries in the world. So I think it's a bad place to live in.

One is Forrest's mother, her words: "life is like a box of chocolates, you'll never know what you're gonna get." because of the words, I began to try my best to be optimistic and always hopeful in my life. The other one is Forrest. In his way of treating his silly friend, I know what a real friend should be. In his running journey, I know how to be perseverant. I learn a lot from the movie.

不能同意这个观点——因为这样的说法过于片面。

- 有些媒体(大众传媒mass media)表现得过于关注名人。但是真正的起因(the real cause)却是大众(the public; the broad masses of the people)本身——大众过于关注名人以及名人的私生活。媒体不过是在迎合大众(cater to the needs of customers; 过去几年里, 电视一直迎合大众的口味。 In the past several years, television has been playing to the gallery.), 因为媒体也是商业机构(commercial organization), 也要盈利(profit-driving)。

I think the parents should lead their children to watch TV. First, they can lead the children to watch some nice programs that the children can learn lots of useful knowledge in them. Since the parents have more experiences, they may know what can be helpful to the kids. Second, it can eliminate possibility for the children to watch some inappropriate program, for example the unhealthy or too violent program. 8. ■ 185 You have enough money to purchase either a house or a business. Which would you choose to buy? Give specific reasons to explain your choice.

参考分析：

不要被"enough"所迷惑了，这是一个很含混(highly ambiguous)的词。可以采取it depends的策略，要看钱的数量是多少。

参考分析:

注意审题。是teenager而不是college students。Teenagers have jobs, 这显然是一个BAD idea。Teenager, 意指十几岁的孩子——16岁或者18岁以下(18岁以上就是adult了, 16、7的孩子往往被称之为 young adults。

参见: [61])。雇用童工(Employing children labor)目前在很多国家是非法(illegal)的。也违反国际儿童保护条约(International Children Act)。允许雇用童工, 或存在童工现象, 都是一个国家落后愚昧的表现。

- 不要说teenager打工可以锻炼自我, teenager需要的是接受教育, 健康成长
- 不要说teenager打工可以认识社会, teenager还不具备足够的心理承受能力(psychological endurance), 过早步入社会 (early exposure to the real world), 只能导致世界观、价值观(out look of world, value, etc.)的扭曲(deteriorated; distorted)。

9. Some students prefer to go to a small college or university, while others prefer to go to large university. Explain which view you prefer, and why. Include details and examples in your explanation.

10. Some students prefer to listen to professors' lecture in classrooms. Others prefer to study outdoors. Which do you prefer and why? Use specific reasons and examples to support your response. ★ [2006]

I prefer to choose the professor's lecture to study. First, I think it is a more vivid and more efficient way for me. I can concentrate on studying better in this way because I enjoy listen to the lecture from professor face to face. I also can communicate with my professor in this way. I can ask him/her question as soon as I have one, it is much better than the outdoor studying. What's more, I love the environment of the class. I enjoy study with a group of people together and discuss questions together. It is a good way to learn knowledge in my point of view. At last, the professor can control our progress of study and can encourage us. All the factors make me prefer the professor's lecture rather than the outdoor studying.

可以采取it depends的策略, 要看学什么科目。

- 有的科目, 自己有足够的自学能力, 就单独学, 可以进一步提高自己的学习能力;
- 而有些刚刚入门的科目, 往往需要别人的帮助, 所以喜欢跟同学们一起学习。

也可以采取先比较, 后选择的方法。

- 自己学习: 安静; 有效率; 制定计划更容易; 提高自学能力; 本质上, 学习靠自己; 但是有时自己可能解决不了问题; 也可能使自己变得孤立.....
- 与大家一起学: 可以向更优秀的学生求助; 帮助别人解答问题也会使自己对问题的了解更深刻; 与同学们保持良好的关系; 但是也可能因为某些人浪费时间, 缺乏效率.....

184、选择和一组人学习

- (1) 能够迅速了解自己不明白的地方
- (2) 学习别人的思维方式
- (3) 在学习中学会团队精神

I definitely prefer to study alone. **Because on the one hand**, I am an independent person who have always enjoyed studying alone, and I still remember the times when I read all the fairy tale books my mother bought me when I was still in kindergarten all by myself. **Meanwhile**, I view independence as one of the fundamental responsibilities for a student, and I have always trained myself to be creative and original in and after class. **On the other hand**, studying with others is not really very effective for me, because I always feel annoyed and distracted by other people's opinions, and to be honest, the endless discussions may slow down my own pace.

I prefer to work alone on the assignment. First and foremost, I feel it is more efficient. From my own experience, working with a group of people will cost a lot of time. We will struggle or discuss something and can't decide how to do. Or repeat the same work. Working on the assignment by myself won't have those problems and I can finish fast. Secondly, I can get a fair score if I work alone. Since teacher usually give one group the same score. I feel it is not fair to me because I always do more work than the others. Finally, I can learn more knowledge to finish the work alone. I need to gather all kinds of information all by myself and thus I can learn a lot. It makes the assignment more meaningful to me.

My favorite subject at school is international studies. I love this subject a lot because firstly, our professors are world-class. Finally, my career goal is to work for a famous NGO, such as the WTO or the UN. So that's why I am so interested in the international studies.

Although I know that I have to study a variety of subjects to become a well-rounded person, math and English are two courses on which I put special focus. The reason for my attitude comes from my career plans, I want to become a biotechnology engineer, Mathematics, of course, is basic to learn the physics, chemicals and computer operations. English is also very important because the America has a big lop ahead in biotechnology. So if I what to keep ahead with the everyday news in this field, I have to reed a lot of materials in English and go to America for my future research. By working particularly hard in these classes, I feel I am furthering my career plans, as well as getting good grades now!

很难说哪一个比另外一个更好。It's hard to say one is better than the other.

- 学习范围过于广泛(extensive)可能会导致深度不够(superficial interpretation)
- 学习范围过于狭窄(limited)可能会导致无知(educated ignorance)
- 所以,学习应该既保证广度,也要保证深度。事实上,学科之间总是存在着某种这样那样的联系。比如物理学和哲学就两个一定程度上相辅相成(be inseparably interconnected)。折衷的方法是,学校开设很多的选修课。要求学生在学好本专业课程的同时,尽量多地了解其他领域。

In my previous studies at college, there are quite a few importance courses and one of the most important one of them, if I had to choose one, would be Calculus. Well, as I am an engineering major, in my curriculum there are many courses requiring complicated calculation, equation deduction and math model building. All these need knowledge in calculus as a foundation. Besides, mastery of some quantitative analysis methods will greatly benefit my ability to make a sensible judgment in a complex situation in workplace, no matter what job I'll take up in the future. Finally, without a good sense of advanced mathematics, I will not be able to appreciate the beauty of symmetry in many artistic forms

other things such as movies and music. Which opinion do you think is more reasonable, and why? ★ [北美2007.3.24]

I think school should have music class. Music is an important subject. It is so classical that every school should give the kids chance to learn it. Without learning it, the student will be too ignorant and blind in the subject thus be less competitive in the future. What's more, by listening and learning the elegant music will make the student have a nice taste. It is also very crucial to their future career of life. There are numerous kinds of music, not only pop, but also jazz, opera, musicals and blues. All of these are classical element of a testable life. More importantly, music will make kids smarter, by learning the rhythm, pace and tune, the kids will have better sense and help to study better. It is a fabulous change of pace too~!

68. Success 成功

1. Describe a most unforgettable success in your life. Explain why it was important to you. Include reasons and examples to support your response.
2. ■ 131 Do you agree or disagree with the following statement? Only people who earn a lot of money are successful. Use specific reasons and examples in your answer.

参考分析:

不能同意。Only是绝对修饰词。

确实，往往成功的一个表象是金钱的多少。

- 钱不是衡量成功的唯一的标准。黑社会分子(members of criminal syndicate)、一些黑心的商人(evil-minded businessman)。
- 有些职业收入远不如其他行业，比如，我国的教师，护士。
- 成功的定义更应该基于社会贡献：甘地(Gandhi)就身无分文(without a cash in his pocket)；特蕾莎修女(Nurse Theresa)也是好例子。

131 不同意挣了很多钱的人是成功的

(1) 钱不代表一切。很多人非常富有，但是是因为他们的成就，人们才认为他成功/

(2) 有些人非常贫穷，如有些科学家，但是他们作出了巨大的成就，被认为所纪念，他们虽然没有钱，也一样成功的

(3) 有些人虽然挣了很多钱，但是都是非法的，所以他们并不成功。

I cannot agree with the above statement that "Success can only be measured by the money you earn." Although as a society we often judge people by their professions and how much money they earn, it does not cover the whole story of success. For example, my uncle, an ordinary shoe factory worker, has been supporting 5 countryside kids with their elementary school education. Now the 5 kids are entering the best high schools. This is without doubt a success for my uncle, and it simply cannot be judged by money. I believe there are many other people in the world achieving other forms of successes too...

70. Teachers 老师

1. Describe a teacher you admire. Explain why you admire him or her. Include reasons and examples to support your response.

Miss Chang is my Chinese teacher in high school. She looks very normal except that she is very beautiful inside. Most important of all, she is a very humble person. She is just a walking library who has so much stored knowledge of Chinese literature that you wonder how one brain could hold that much knowledge. She has written 13 books on various writers including Lao She, Lu Xun and others. She has appeared on TV programs and even was the guest of a TV show in England while she was visiting there. Her English is spectacular, and she could even probably teach just that if he wanted to. However she never shows off his knowledge, even though she can. In addition, she is sincere and patient with her students. She is also very demanding and clear when she speaks, and her concern is not so much with your grades but your effort. The effect she had on the students is very powerful. Essentially she opened up the minds of her students to the world of knowledge.

2. ■ 102 Do you agree or disagree with the following statement? Schools should ask students to evaluate their teachers. Use specific reasons and examples to support your answer.

参考分析：

- 是否有足够的能力(包括academic knowledge等等)去进行客观评价?
- 如果采取了这样的方式，就会出现老师迎合(cater to/ pander to/ play up to students' taste)学生而不

是引导(guide; lead)学生, 违背了教育的原则。

- 保留意见/这种方式: 允许学生进行评价, 但是应该作为一个参考, 同时要有其他的评判方式。

参见: [97]

102、同意学生来评价老师

- (1) 学生是消费者, 他们有权力对老师进行公正的评价
- (2) 学生来评价老师, 有利于教师认真教学。
- (3) 学生来评价老师, 有利于促进竞争。

3. ■ 97 Do you agree or disagree with the following statement? Teachers should be paid according to how much their students learn. Give specific reasons and examples to support your opinion.

参考分析:

不能同意。乍看起来(at the first glance)很有道理。问题在于:

- 教育不是商品。
- 如何保证能够确切地衡量学生究竟学到了多少?
- 学生学到多少, 并不是老师一个人的事情, 还要看学生自身的素质(quality); 能力(capacity)等等。
- 如果采取了这样的方式, 就会出现老师迎合(cater to/ pander to/ play up to students' taste)学生而不是引导(guide; lead)学生, 违背了教育的原则。

97、不同意

- (1) 无法了解学生到底学了多少东西。考试只是一方面。试题可以出的简单, 可以难
- (2) 有些学生根本就不学习, 所以按照这个评判, 对教师不公平
- (3) 对学生压力过大。比如说让学生学很多东西, 以便增加薪水。

Secondly, they should see every student equally. They won't consider someone good students because they are smart, and judge someone bad students because they are stupid. Finally, they must have the spirit of teaching, which means they will devote themselves to the career of teaching, have responsibility and see all students as their own children.

In my opinion, there are three main characteristics of a good teacher. Firstly, he should be knowledgeable, that is, he should know a lot to share with us. Secondly, he should be humorous because I want to hear funny stories from him. Finally, he should be dedicated as it is an important quality of a teacher.

Personally, I believe that a good teacher should at least have the following two important characters, being patient and treating students equally. First, a good teacher is a patient one. If a teacher can answer students' question again and again with a smile, they can indeed grasp much more knowledge. Secondly, the teacher can treat every student equally. He or she will not treat so called good students and bad students differently. This way, all students will get better personality cultivation. (81 words)

2. Describe the most efficient transportation in your country. Explain why. Include details and examples in your explanation. ★ [2006.4.8/2006.12.15]

In my view, the subway is the most efficient transportation in my country. First of all, there are many lines of subway carry people to every part of the country; especially it covers the most important blocks and areas of each city. So it is very convenient for people to take it and go to a lot of place soon. Secondly, the subway number of each line is larger than other transportations. There are even more in rush hours. By taking it, people can go to work very fast and save a lot of time. It is very efficient because it won't be influenced by the car jam. There are no other cars, bicycles, and buses under the ground! No doubt, subway is the most efficient transportation for daily life.

The most efficient transportation is the bus service. First of all, thanks to the well developed

public transportation, it's very convenient to take a bus because it is always easy to one stop near you and your destination. In addition, because the road condition in China has improved greatly, the bus can easily run at the speed of 120 km/h. For example you can travel from shanghai to Nanjing in less than 3 hours. Furthermore, it's very cheap to take a bus as you travel around china, and it allows you the time to appreciate the landscape of china along the way. You may even get acquaintance to several friends with the similar interests and temper.

1. Which is more important for a student, academic performance or extracurricular performance? Please include specific examples and details in your explanation.

Well, I'll have to say that both academic performance and extracurricular performance are important for a student. But for me, I personally think extracurricular performance is more important, because firstly I do think our society needs the young generation to be successful after college, not just within the four years of college, so if you can only score high in exams, that's simply not enough. Besides, extracurricular activities offer a lot of previous experiences and fascinating opportunities. For example, the Model UN offers the opportunity to go abroad to attend some conferences. And finally, you can make a lot of friends sharing the same interest through these activities. And I think that's very important, because maybe someday, you will just have to depend on these friends.

I like to live in Indonesia because I like the sunshine and beach in Bali of that country. I love sunny days because I always feel drowsy in rainy days. My hometown is Yixing, a small-sized town in the southeast part of Jiangsu province. It is comfortable living there most important of all. The air is clean there for the city is not densely-populated and does not have many heavy industries. In addition, the transportation is very convenient. It's just 2 hours drive from shanghai, 1.5 hour drive from Nanjing. Besides, the people are well educated and are always kind to other people. My hometown is getting bigger and bigger and it has become a lot more modern than it used to be. There are a lot of new buildings and he roads are much wider than they used to be.

In addition, there are a lot of vacant place where you can plan badminton, skate, dance or just watch. You can build up a strong body while strengthen the relationship between you and your friends. In fact, the people there start their day with jogging, doing morning exercises or aerobic exercises in the beautiful Jiubin park.

A place to eat

I would recommend the Chinese restaurant. It is a place with a charming settings. When you go in, you'll notice the classical Chinese styles of tables, chairs and other furniture. Chinese landscape paintings and artistic Chinese calligraphy works are on the walls, and will hear typical Chinese folk music and even see a folk dance on the stage. Dinning in this atmosphere is truly a pleasant experience. What's more, the restaurant is renowned for its seafood, the best in the city. They cook fish and oyster in such a superb way that its not only good to look at and even better to eat. What is more, the prices there are very reasonable. It's really worth it..

Important decision I can remember an occasion when I won first prize in a singing contest. The competition was held outside the school, and we had a stage set up for each of us to sing. I really don't think I am that good of a singer and I can remember my feeling on the stage as nervous as I was going to die. Finally my teacher taught me to pretend this was my profession. I followed her advice and thought of myself as a famous person. At last, after the song was finished I remember people were giving me quite a good applause. When my name was announced as the winner I felt like flying again. I consider it my best day because it was the first time I had ever won something and from that day on I really believed I could be the top at anything if I tried hard, and even my grades started to improve after that competition.

Happy event

Spending one of summer vacation in Bali for rest and relaxation is a very happy event in my life, the sunshine, the beach and the sea are very attracting, but they are not the major factor I am delighted with. I am extremely happy due to the accompany by my parents. My father is very busy with his company. He seldom has time to stay with me and my mother for such a long time. He taught me to swim, went shopping with me, and chatted a lot with my mother. I really hope I can shoulder some of my father's heavy burden so that we can have more time together.

Most embarrassing moment

One day I was walking my dog in the adjoining park, I usually take a plastic bag with me to collect my pet's deject. However, I forgot to bring the bags with me. Unfortunately, I was caught by a team of students who was doing one program regarding the wastes our pets bring to our environment. I tried to explain but they wouldn't listen. When I was in school, I was criticized most because of my hair. I always forgot to comb my hair. As a result, my hair always looks like a net. I didn't do this deliberately, sometimes because I was late for classes and other times I didn't look at the mirror when I do my hair. My family didn't agree with the way I treat my hair. They said it made me look lazy and careless in my attitude. People thought I didn't care about my study either. But in fact, I was the top student in my class, so to me, looks and appearance didn't mean everything.

Worst subject

My worst subject in school was mathematics. I didn't understand it as well as other subjects. Furthermore, it was hard for me to see the relevance of math in my life. I just never saw the point of studying so many formulas and equations that seemed do abstract. I think I could have been good in math if my teacher were to have taken more time to explain it to me. Maybe I needed a different approach to math. In as much as I was weaker in math, I was stronger in art, literature and even biology so ether was balance in my subjects and in my marks.

Literature/ magazines, poems, and fictions which do you prefer.

I like fictions best for several reasons.

Give us a break from the tedious and hard work, the strict and shouting boss, and peer pressure from our coworker. For example, While watching comedies, you don't have agonize yourself to guess the deep meaning of the movie or point out the trick from the complicated plot. All you have to do is to lean back and enjoy the show; you may get nothing but joy after the reading. As for the other two resources. I don't like magazines, because I find them either full of ads or full of useless articles and they are usually very expensive. As for poems, I have to say I haven't got the appetite to enjoy the true beauty of them. Every time, after reading poems for half an hour, I fall to sleep.

Clothes

In my closet I have clothes of many colors but my favorite color is white. White strikes me as such an easygoing color. For this reason I feel that I always look good and I feel good when I ware white. Gradually, I have added pieces to my collection of clothes but they all go together with each other and with the color white. My wardrobe is coordinated around a color that both flatters me and makes me feel good.

Culture

The rudest thing a person can do in our culture is to abuse someone in public. It hurts people's feeling and damage people's reputation. Abusing shows selfishness and a lack of respect to others. If I am trying to catch someone's attention in a meeting to discuss something or in a store for assistance, it can be very embarrassing to be ignored. It can hurt people's feelings and make people lose self-confidence. Furthermore, it makes anyone witnessing this rude behavior uncomfortable. Overall, the rudest thing you can do is to ignore someone as it hurts everyone involved.
